CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-2003-156 Cor. Copy) INTRODUCED, TO BE ADOPTED ON
SEPTEMBER 2, 2003

Introduction of an Ordinance granting a non-exclusive pipeline franchise to SFPP, L.P. for a period of two years, to install, construct, maintain and operate a pipeline for the transportation of refined petroleum products and other hydrocarbon substances in certain city streets of and within the City of San Diego.

NOTE: 6 votes required pursuant to Section 103 of the City Charter.

CITY MANAGER SUPPORTING INFORMATION:

In 1963 the City Council adopted an ordinance granting a 40-year franchise to San Diego Pipeline Company for petroleum pipelines within the public streets of the City of San Diego. In 1992 the City Council adopted an ordinance approving the assignment of the franchise to Santa Fe Pacific Pipelines, LP (SFPP). SFPP is a common carrier for various oil companies, and its pipelines carry refined gasoline and jet fuel from the refinery in Wilmington, California, to various distribution points in Southern California. A 10-inch pipeline and a parallel 16-inch pipeline enter the San Diego City limits at Via de la Valle and continue southerly to a tank farm in Mission Valley. From there, the 10-inch pipeline continues southerly to a tank farm at the San Diego Harbor.

The franchise, as well as two leases with SFPP for portions of the pipelines that cross City-owned land in Sorrento Valley and Montgomery Field, expired in January 2003. The leases have been placed on holdover as permitted under their terms, but the franchises requires City Council approval to extend its term. A 2-year extension of the franchise term is requested to give City staff and SFPP additional time to prepare updated mapping of the pipeline locations on City properties and to negotiate other issues before processing a new long-term franchise for Council consideration.

Franchise fees, which are set by the Public Utilities Commission, average about \$20,000 annually and are deposited into the General (100) Fund.

FISCAL IMPACT:

None with this action.

COUNCIL ACTION: (Time duration: 2:41 p.m. - 2:45 p.m.)

CONSENT MOTION BY INZUNZA TO ADOPT. Second by Atkins. Passed by the following vote: Peters-yea, Zucchet-yea, Atkins-yea, Lewis-yea, Maienschein-yea, Frye-yea, Madaffer-yea, Inzunza-yea, Mayor Murphy-yea.

ITEM-101: General Requirements Contract for the Construction of Minor Street Improvements at Various Locations.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2003-1411) CONTINUED TO MONDAY, AUGUST 4, 2003

Authorizing the City Manager to accept the bid from Scheidel Contracting and Engineering, Inc. (Contractor), and to award the Project contract for the construction of Minor Street improvements at various locations to the contractor for no less than \$50,000 and no more than \$1,000,000 annually, for the period between May 1, 2003 and May 1, 2004, renewable for one additional year thereafter;

Authorizing the City Auditor and Comptroller to expend an amount not to exceed \$50,000 from TransNet Funds, through CIP-61-001.0, Mission Village Drive Left Turn, provided that the City Auditor and Comptroller first furnishes a certificate certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller, upon direction of the City Manager, to reallocate the funding sources for TransNet Funds between TransNet Cash and Commercial Paper funded projects as may be appropriate to maximize the use of TransNet Cash and reduce the use of Commercial Paper funding for CIP-61-001.0, Mission Village Drive Left Turn. (BID-K03850)

CITY MANAGER SUPPORTING INFORMATION:

Minor street improvement projects can take two to three years from inception to completion when following the design-bid-build method for public works contracts. Many of the smaller maintenance, and repair and improvement projects in the right-of-way, such as safety all-weather walkways, are disadvantaged by the process that is suited for complex construction projects.

The General Requirements Construction Contract will reduce the time between when a smaller project is identified and when it is completed. The contractor bids unit prices on various items of work which are non-project specific. These prices remain in effect for the one year term of the contract. After a project is identified, a site visit is scheduled where scope, specifics, and price are discussed by the City and contractor. Once there is agreement, the City processes a Task Authorization, and issues a Notice to Proceed to the contractor. We estimate a typical safety all-weather walkway can be constructed within four months from the initial site visit.

The City opened bids on February 26, 2003. The bid proposal consisted of 24 separate items of work, with 3 bids for each item depending on whether labor rates were Federal prevailing wage, State of California prevailing wage, or non prevailing wage. The project was advertised for four weeks. 13 bid packages went out and 3 complete and acceptable bid packages were received at bid opening. Scheidel Contracting and Engineering, Inc. was low bidder followed by Portillo Concrete, Inc. and Heffler Company, Inc.

FISCAL IMPACT:

Total authorized expenditure per contract year, contingent on Council approving appropriations, not to exceed \$1,000,000.

COUNCIL ACTION: (Time duration: 2:48 p.m. - 2:59 p.m.)

MOTION BY LEWIS TO CONTINUE THIS ITEM TO MONDAY, AUGUST 4, 2003,
TO ALLOW TIME TO REVIEW EEO ISSUES SURROUNDING THE CONTRACT.
Second by Peters. Passed by the following vote: Peters-yea, Zucchet-yea, Atkins-yea,
Lewis-yea, Maienschein-yea, Frye-yea, Madaffer-yea, Inzunza-yea, Mayor Murphy-yea.

* ITEM-102: Payment Authorization of Employee Retirement Contribution Offsets.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2003-1512) ADOPTED AS RESOLUTION R-298251

Declaring that the payment of retirement contribution offsets for System Police
Safety Members be increased from 9.0% to 10.0% effective July 5, 2003, to be
paid from the System's Employee Contribution Reserve until the Reserve is
exhausted.

CITY MANAGER SUPPORTING INFORMATION:

The Management Team of the City of San Diego has met and conferred with the Police Officers
Association (POA) regarding retirement offset as part of the contract negotiations for a successor
Memorandum of Understanding (MOU). A Municipal Code amendment will be forthcoming to
codify these changes. The Resolution implements Council direction resulting from the
negotiations as follows:

Retirement Offset: Authorize the payment of increased retirement contribution offset for
SDCERS Police Safety Members from 9.0% to 10.0%, effective July 5, 2003, from the SDCERS
Employee Contribution Reserve, until the Reserve is exhausted;

This increased offset was approved by the Council with the adoption of the successor
Memorandum of Understanding between the City of San Diego and the San Diego Police Officers
Association, on May 20, 2003.

* ITEM-103: Authorizing Transfer of Funds to the Otay Mesa/Nestor Library Expansion.

(Otay Mesa/Nestor Community Area. District-8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-97) ADOPTED AS RESOLUTION R-298252

Authorizing the City Auditor and Comptroller to transfer funds in an amount not to exceed \$100,000 from General Fund Department No. 310, to Fund No. 630221, CIP contributions from Fund No. 100;

Authorizing the City Auditor and Comptroller to appropriate and expend the \$100,000 into CIP-35-087.0, Otay Mesa/Nestor Library Expansion, from Fund No. 630221, and authorizing the expenditure of said funds for the purpose of replacing the roof on the existing building;

Authorizing the increase of \$100,000 to the FY 2003 CIP Budget for CIP-35-087.0, Otay Mesa/Nestor Library Expansion;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves.

CITY MANAGER SUPPORTING INFORMATION:

The existing Otay Mesa/Nestor Branch Library is a 10,000 square foot facility with a planned expansion of an additional 5,000 square feet. The roof on the existing building is in need of replacement and the Library had identified \$100,000 in its budget to perform the work.

Since it is more efficient and less disruptive to public service to replace the roof as part of the expansion project, the Library would transfer the funds to the CIP and the work would be performed as part of the Construction contract.

FISCAL IMPACT:

The total project cost is \$3,163,500. The \$100,000 was identified in the FY 2003 Library Department operating budget for Deferred Maintenance.

On 4/9/2003, NR&C voted 5 to 0 to approve. (Councilmembers Zucchet, Lewis, Frye, Madaffer and Inzunza voted yea.)

SUPPORTING INFORMATION:

Sewer and Water Group 670 is part of the City of San Diego's continuing Annual Sewer Main Replacement Program. The sewer mains being replaced in this project were constructed as early as 1956 and are approaching the end of their useful service life.

This project is located in the Peninsula Community and consists of replacement and installation of new sewer mains, sewer manholes, sewer laterals, water mains, water services, street resurfacing/slurry seal, pedestrian ramps, implementation of a traffic control plan, Best Management Practices (BMP's), and related improvements. The project area is bounded by the alley north of Brindisi Street to the north, Ladera Street to the south, Cornish Drive to the east and Cordova Street to the west. This project will replace approximately 6,200 linear feet of existing sewer pipes and 6,296 linear feet of existing water pipes. This project also includes the construction of forty-seven (47) curb ramps. The final phase of this project will be to resurface the alleys and slurry seal the asphalt streets.

This project was presented to the Peninsula Community by the Engineering and Capital Projects Department and future presentations will be given to the Peninsula Community prior to construction. Residents will be notified by mail at least one (1) month before construction begins by the City's Engineering and Capital Projects Department and again ten (10) days before construction begins by the contractor through hand distribution of notices.

The contractor will be required to provide traffic control plans for the entire project area to the City of San Diego's Traffic Signal Design and Traffic Control Section for approval.

FISCAL IMPACT:

The total estimated cost of this project is \$3,857,022. Funding of \$2,197,278 is available in Sewer Fund 41506, CIP-44-001.0, Annual Allocation - Sewer Main Replacement and \$1,659,744 in Water Fund 41500, CIP-73-083.0, Annual Allocation - Water Main Replacement, for this purpose. This project is to be phase-funded within FY 2004.

(See memorandum from Larry Gardner dated 7/8/2003. Rancho Peñasquitos Community Area. District-1.)

TODAY'S ACTION IS:

(R-2004-112) ADOPTED AS RESOLUTION R-298255

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$187,848 from Water Fund No. 41500, CIP-73-343.0, Lower Otay Reservoir Emergency Outlet Tower, to Water Fund No. 41500, CIP-70-954.0, North City Reclamation System (Black Mountain Road - Gap Reclaimed Water Pipeline Project);

Authorizing the City Auditor and Comptroller to execute Funding Phase 2 of the construction contract with Excel Commercial Constructors regarding said Project, and the related constructions costs, contingent upon the passage of the Fiscal Year 2004 CIP Budget;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess funds, if any, to the appropriate reserves.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 7/16/2003, NR&C voted 3 to 0 to approve. (Councilmembers Zucchet, Frye, and Madaffer voted yea. Councilmembers Lewis and Inzunza not present.)

SUPPORTING INFORMATION:

In December 2000, the Water Department completed a Beneficial Reuse Study to review the City's existing reclaimed water system. The study was performed to develop future reclaimed water pipelines in an effort to meet the Environmental Protection Agency's grant goals of reusing 25 percent of the flows (6 MGD) treated at the North City Water Reclamation Plant (NCWRP) by December 31, 2003 and 50 percent of the flows (12 MGD) by December 31, 2010.

In an effort to meet these goals, the Black Mountain Road-Gap Reclaimed Water Pipeline will supply the Black Mountain Ranch Developments and future customers in the City's northern service areas. The Gap Pipeline consists of approximately 11,000 feet of 24-inch diameter steel and mortar coated pipe.

On November 12, 2002, Council approved the Advertising and Award for the Black Mountain Road-Gap Reclaimed Water Pipeline (R-297261, R-297262). Bids were opened on January 17, 2003 and a contract was awarded to Excel Commercial Constructors. The original engineering Cost Estimate for construction was \$3,700,000 but due to an increase in the bidding climate and

insurance costs the low bidder came in approximately \$92,000 higher. In addition, the City's in house cost exceeded the planned budget due to extensive coordination with the Bureau of Reclamation and the State Water Resource Control Board for securing grant funding on this project, and a total amount of \$2.0 million in grant funding will be received.

This project was included in the Environmental Impact Report (LDR No. 41-0629) dated October 7, 2002, which was certified by City Council on November 12, 2002. However, this activity is exempt from CEQA pursuant to the State CEQA Guidelines Section 15061(b)(3). This project was presented to, and approved by the NR&C Committee at the meeting of July 16, 2003. Several community outreach meetings were conducted for this project particularly with the Rancho Peñasquitos Community Planning Group.

This request authorizes additional funding in the amount of \$187,848. This funding is available for transfer from the Lower Otay Reservoir Project which has been re-prioritized and rescheduled for later construction.

FISCAL IMPACT:

The total cost of this project is \$5,553,066, of which \$5,365,218 has been previously authorized. Funding of \$187,848 will be transferred from CIP-73-343.0, Lower Otay Reservoir Emergency Outlet Tower to CIP-70-954.0, North City Reclamation System (Black Mountain Road-Gap Water Reclaimed Pipeline Project) in Fiscal Year 2004.

(See memorandum from Larry Gardner dated 7/8/2003. Torrey Pines, Via de la Valle, Fairbanks CC, Black Mountain Ranch, San Pasqual, North City Future Urbanizing Areas. Districts-1 and 5.)

TODAY'S ACTION IS:

Adopt the following resolution:

(R-2004-104) ADOPTED AS RESOLUTION R-298256

Authorizing the City Manager to execute an agreement to receive grant funds from the State Water Resources Control Board/Division of Water Quality's Clean Water Act 205(j) in the amount of \$116,400;

Authorizing the City Manager to take all necessary actions to secure funding, including, but not limited to: negotiate and sign agreements, amendments and payment requests, from the State Water Resources Control Board/Division of Water Quality's Clean Water Act 205(j);

Authorizing the City Auditor and Comptroller to accept, appropriate, and expend grant funds in the amount of \$116,400 pursuant to the terms of said agreement;

Authorizing the City Auditor and Comptroller to establish a special interest-bearing fund for the grant.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 7/16/2003, NR&C voted 3 to 0 to approve. (Councilmembers Zucchet, Frye, and Madaffer voted yea. Councilmembers Lewis and Inzunza not present.)

SUPPORTING INFORMATION:

The State Water Resources Control Board and the U. S. Environmental Protection Agency are working together to fund water quality planning proposals for projects that reduce, eliminate, or prevent water pollution, and enhance water quality. The agencies are encouraging watershed management as a means to "ensure high quality water, to maximize the use of limited resources, and to develop partnerships among all stakeholders of watersheds to address water quality issues." In March 2002, the State Water Resource Control Board solicited applications for Section 205(j) planning grants from local public agencies, targeting activities such as watershed

restoration strategies, watershed management plans, and similar efforts, as priorities for receipt of 205(j) funds.

The Water Department submitted an application for the maximum amount of funding available, \$125,000, and was approved to receive \$116,400. The funds will be used to develop a comprehensive and sustainable Watershed Management Plan for the San Dieguito River watershed. Through collaboration with key stakeholders, the Plan has the following goals: protect and restore water quality, beneficial uses of water, natural terrestrial, riparian, wetland, freshwater, estuarine and marine habitats, and wildlife; preserve and restore natural physical features and characteristics of waters, landforms, and coastline; preserve and enhance water supply. In-kind services by other participating governmental agencies, local environmental and citizen groups will be used in development of the Plan. A consultant will be assisting in assessment and framework development of the Plan. Completion of the project is expected in two years.

This project will establish a framework for the continued efforts in the protection, restoration, enhancement, and preservation of the water quality and beneficial uses of this watershed. Additionally, the project will provide a coordinated focus and will bring together stakeholders to solidify a commitment to continue to identify, seek, and obtain additional funding and resources to sustain this project and future related projects.

FISCAL IMPACT:

The total project cost is estimated to be \$350,000 and include \$200,000 for consultant services and \$150,000 for in-kind services by participating agencies. The grant funds of \$116,400 will be deposited into the Water Operating Fund 41500.

Adoption of a Resolution acting as the legislative body of Community Facilities District No. 4 (Black Mountain Ranch Villages) authorizing the levy of special taxes for Fiscal Year 2003/2004.

CITY MANAGER SUPPORTING INFORMATION:

The City Council has previously adopted resolutions and ordinances that established Community Facilities District No. 1 (Miramar Ranch North), Community Facilities District No. 2 (Santaluz), Community Facilities District No. 3 (Liberty Station), and Community Facilities District No. 4 (Black Mountain Ranch Villages). These actions authorized the issuance of limited obligation special tax bonds to finance the construction and acquisition of public infrastructure in or serving the districts, and authorized the levy of a special tax to pay annual debt service on each district's outstanding bonds, or to pay directly for the acquisition of public facilities.

The City Council action would confirm the annual rates, apportionment, and total amount of special taxes to be levied and collected on taxable property within the boundaries of Community Facilities District No. 1, Community Facilities District No. 2, Community Facilities District No. 3, and Community Facilities District No. 4 for Fiscal Year 2004. Each year, the special tax levy is presented to the City Council for approval, in accordance with the Mello-Roos Community Facilities Act of 1982.

Special taxes to be levied against taxable parcels of land within each district for the upcoming fiscal year are reflected in the reports submitted herewith. These special taxes will be billed and collected by the County of San Diego in the same manner as ordinance ad valorem property taxes. Monies received in the form of special taxes will be used to pay debt service on the outstanding bonds and/or pay directly for public facilities, maintain the appropriate balance in the reserve fund for each district, and pay costs incurred by the City in administering the districts.

FISCAL IMPACT:

No fiscal impact to the City will occur as a result of this City Council action. The annual special tax levy includes an administrative charge to reimburse the City for costs and expenses incurred on behalf of the districts.

CITY MANAGER SUPPORTING INFORMATION:

On November 16, 1992 by Resolution R-281066, La Jolla Spectrum Partners, L.P. entered into a facilities Maintenance agreement to design, construct and install certain private drainage and detention facilities, as well as provide maintenance, within Lots 11 and 12 of The La Jolla Spectrum, Map No. 12990.
